DESCRIPTION AND LEARNING STRATEGY

This session challenges participants to evaluate how they plan and prioritize their work in order to produce effective and on-time results.

This highly interactive, skill practice workshop will provide participants with an opportunity to self assess their current skills and practices in the area of time management and how they manage their workload around it. Through assessment instruments, small and large group discussion, and case studies, participants will be exposed to techniques that help them to better organize and prioritize their important tasks at work. At the end of the session, participants will identify action steps that can be applied in their work environment.

OBJECTIVES

At the conclusion of this workshop, participants will enhance the following skills:

- Identify present uses of time.
- Identify ways to prioritize the most important work tasks.
- Apply methods to avoid time wasters.
